

Doctoral Dissertations at Department of Learning, Informatics, Management and Ethics (LIME), Karolinska Institutet, 2001-2025.		
Year	Author	Title
2001	Ögren, Marie-Louise	Group supervision : learning psychotherapy in a small group format
2001	Nilsson, Anna S	Interaction between researchers, firm managers and venture capitalists : the essence of biotechnology business
2004	Arnman, Reet	Doctor's experiences of work related moral problems : responsibility without clear boundaries
2005	Röding, Karin	University admission based on tests and interviews : implementation and assessment
2005	Masiello, Italo	Learning in focus : rethinking the role of technology in medical education
2005	Lundkvist, Jonas	The role of economic evaluations in health care decision making
2005	Olsson, Jesper	Factors for successful improvement of Swedish healthcare
2006	Borgström, Fredrik	Health economics of osteoporosis
2006	Sobocki, Patrik	Health economics of depression
2006	Lundberg, Jonas	Bibliometrics as a research assessment tool : impact beyond the impact factor
2007	Zary, Nabil	Virtual patients for education, assessment and research : a web-based approach
2007	Lidgren, Mathias	Health economics of breast cancer
2007	Pukk Härenstam, Karin	Learning from patient injury claims
2007	Bolander Laksov, Klara	Learning across paradigms : towards an understanding of the development of medical teaching practice
2007	Fransson Sellgren, Stina	Nursing management at a Swedish university hospital
2007	Thor, Johan	Getting going on getting better : how is systematic quality improvement established in a healthcare organization? Implications for change management theory and practice
2008	Courteille, Olivier	Computer simulations of the clinical encounter : perceptions and emotional aspects
2008	Carli, Cheryl	Exploring a national practice-based register for the management of rheumatoid arthritis
2009	Bikmoradi, Ali	Exploring academic leadership in medical schools and universities in Iran
2009	Tiainen, Anne	Cost analysis and policy implications in psychiatric care
2009	Bergin, Elsmari	Autonomy and integrity : drivers of health care professionals dealing with multiple obligations
2009	Ahmady, Soleiman	Faculty development in medical education : a comprehensive approach
2009	Pourasghar, Faramarz	Role of information technology on documentation and security of medical data
2009	Bergman, David	Leadership development : a comparative evaluation of short-term and long-term programmes in Swedish health care
2009	Arnlin, Marianne Heibert	Asthma treatment in primary care : studies of variability and health economic aspects
2009	Sandberg, Hans	Management of dental clinics by the use of informatics
2009	Bastholm Rahmner, Pia	Doctors and drugs : how Swedish emergency and family physicians understand drug prescribing
2009	Kazemi, Alireza	Computerized provider order entry and patient safety : experiences from an Iranian teaching hospital

Year	Author	Title
2009	Bergman, Lars G	Computer-supported diagnosis in psychiatry
2010	Botezatu, Mihaela	Virtual patient simulation : implementation and use in assessment
2010	Wilhelmsson, Niklas	From basic science knowledge to clinical understanding
2011	Choi, Soki	Competing logics in hospital mergers : the case of the Karolinska University Hospital
2011	Mattsson, Pauline	European knowledge transfer reflected by research collaboration and patent citations indicators
2011	Löfgren, Susanne	On the fifth day : improving hip fracture care : study of processes, costs and outcomes
2011	Stenfors-Hayes, Terese	Being and becoming a teacher in medical education
2011	Savage, Carl	Overcoming inertia in medical education
2011	Gunnarsson, Nina Veetnisha	Parenting children with allergy
2012	Edelbring, Samuel	Technology in education, necessary but not sufficient : understanding learning with virtual patients
2012	Hvitfeldt Forsberg, Helena	Upgrading chronic care : exploring challenges in rheumatology care management
2012	Bursztein Lipsicas, Cendrine	Suicide attempts among immigrants in Europe
2012	Ben-Efraim, Yair Jacob	Gene-environment interactions between HPA axis regulatory genes and stressful life events in suicide attempts
2012	Weurlander, Maria	The journey towards understanding : exploring the interplay between teaching and learning
2012	Mazzocato, Pamela	Unpacking process improvement : in-depth studies of how lean and clinical pathways contribute to the timeliness of care
2013	Sjöstrand, Manne	Autonomy and decision-making capacity : studies on the ethics of self-determination in healthcare
2013	Lindblad, Anna	End-of-life decisions : studies of attitudes and reasoning
2013	Wessel, Maja	Negative experiences of encounters in healthcare
2013	Sparring, Vibeke	As time goes by : diabetes mellitus and the health services from short- and long-term perspectives : healthcare utilisation, costs and health-related quality of life
2014	Førland, Georg	Learning in health : educational foundation and practice of the Learning and Mastery Centre
2014	Ulhassan, Waqar	Lean, team and psychosocial factors : a longitudinal investigation at a Swedish hospital
2014	Brodin, Ulf B	A '3 step' IRT strategy for evaluation of the use of sum scores in small studies with questionnaires using items with ordered response levels : 'To make a lot out of nothing', from the Swedish locution: 'Att koka soppa på en spik'
2014	Manninen, Katri	Experiencing authenticity : the core of student learning in clinical practice
2014	Sun, Sun	Social and regional differentials in population health status, values for health, and subjective well-being in China
2014	Wannheden, Carolina	Evidence-based decision support in HIV/TB care : designing treatment, monitoring, and assessment support for care providers
2015	Barman, Linda	Striving for autonomy : health sciences teachers' enactment of policy

Year	Author	Title
2015	Widmark, Catharina	Divergent conceptions : obstacles to collaboration in addressing the needs of children and adolescents
2015	Lornudd, Caroline	In the mind of the beholder : perspectives on healthcare managers' leadership
2015	Pantziaras, Ioannis	Virtual patients as an innovative educational tool in transcultural psychiatry
2016	Siouta, Eleni	Communication and patient involvement in decision making : examples from consultations on atrial fibrillation
2016	Palmgren, Per J	It takes two to tango : an inquiry into healthcare professional education environments
2016	Eghdam, Aboozar	Understanding how persons with mild acquired cognitive impairment use and experience information and communication technology : an exploratory study
2016	Liljedahl, Matilda	On learning in the clinical environment
2016	Klarare, Anna	Specialized palliative home care teams : complementary perspectives of team functions and influences on patients and families
2016	Davoody, Nadia	From chaos to clarity : designing eHealth to support self-management in stroke care
2017	Tolf, Sara	Lean, agile, and lean and agile hospital management : responses to introducing choice and competition in public health care
2017	Hadadgar, Arash	Electronic continuing medical education : approaches to better understand the general practitioners' intention to use eCME and assess their competences
2017	Ebbevi, David	Value-based health care : challenges in moving forward
2017	Lewensohn, Danielle	Beyond bean counting : using patent information to investigate inventive productivity in academia
2017	Engqvist Boman, Lena	Encounters for learning and participation in breast cancer care
2017	Pettersson, Agneta	Use of a structured interview to support diagnosis of depression and anxiety disorders in primary care
2017	Klinga, Charlotte	The only constant is change : exploring the evolvement of health and social care integration
2017	Villaume, Karin	Personality in relation to health, psychosocial work environment and occupational health intervention adherence
2017	Lekander, Ingrid	Application of Swedish quality register data for use in health economic analyses of chronic conditions
2017	McGrath, Cormac	What we talk about when we talk about change : a study of change practice and change agency in higher education
2017	Dahlborg, Charlotta	Exploring connectivity : invention, innovation and knowledge transfer in the university-industry interface
2017	Frykman, Mandus	Investigating mechanisms of change in implementation processes : theoretical and methodological perspectives
2017	Durkee, Tony	Pathological Internet use and psychopathology among European adolescents
2017	Ball, Jane E	Nurse staffing, care left undone and patient mortality in acute hospitals
2017	Fredholm, Angelica	Understanding the meaning of autonomy : creating a learning space for professional becoming in clinical education
2017	Augustsson, Hanna	Inside the black box of workplace interventions : investigating the influence of context and process on outcomes
2017	Friman, Anne	Collaboration and knowledge development in wound management : experiences from different professional perspectives in primary healthcare and education
2017	Strehlenert, Helena	From policy to practice: exploring the implementation of a national policy for improving health and social care

Year	Author	Title
2017	Belqaid, Kerstin	The impact of taste and smell alterations in different stages of investigation and treatment of lung cancer
2018	Mosson, Rebecca	Leading implementation in health and social care : the line manager in the spotlight
2018	Storkholm, Marie Højriis	Innovation inside the box : how contextual constraints can contribute to improvement in health care
2018	Fredriksson, Jens Jacob	How can health care organizations create value? Business model explorations
2018	Larsson, Anthony	Too big to fail? A case study of the rise and fall of a medical research infrastructure
2018	Söderhjelm, Teresa	Teaming over time : team and team leadership development through different interventions
2018	Guo, Cheng	Adolescent positive mental health : policy, measurements, prevalence and correlates in a Chinese setting
2018	Sonesson, Linda	Design of blended learning for civilian and military trauma care
2018	Reinius, Maria	HIV-related stigma in the era of efficient treatment : conceptualization, measurement and relations to health-related quality of life
2018	Smeds Alenius, Lisa	Conditions for care : factors in the nurse work environment related to safe and high quality care in acute care hospitals
2018	Lundmark, Robert	Making or breaking organizational interventions : the role of leadership
2018	Zhu, Egui	Bridging theory and practice : learning design for AR-based continuing professional development in a primary care setting
2019	Mesterton, Johan	Measuring health care performance : variations in care process, resource use and outcomes in childbirth care
2019	Korlén, Sara	The many meanings of money : exploring health care professionals' experience of economic governance
2019	Leppänen, Anne	Tobacco cessation on prescription : a primary healthcare intervention targeting socioeconomically disadvantaged areas in Stockholm
2019	Uvhagen, Håkan	Make it happen and make it matter : implementation and impact of primary healthcare-academia partnerships
2019	Ólafsson, Gylfi	Health economic aspects of low back pain
2019	Georg, Carina	Virtual patients in nursing education : teaching, learning and assessing clinical reasoning skills
2019	Skyttberg, Niclas	Clinical decision support in emergency medicine : exploring the prerequisites
2019	Lööf, Gunilla	Web-based learning design in paediatric perioperative care : the importance of including an educational framework and children's own perspectives
2020	Rothlind, Erica	Overlooking health acculturation : a grounded theory study illustrating the complexity of intercultural consultation in Swedish primary care
2020	Ström, Oskar	Pharmacoepidemiology and health economics of adherence to pharmaceutical fracture prevention
2020	Ahmed, Sayem	Healthcare financing challenges and opportunities to achieving universal health coverage in the low- and middle-income country context
2020	Sturesson Stabel, Linda	Entrance to and advancement within the Swedish medical labour market for physicians with a medical degree from outside the European Union
2020	Keel, George	Counting what counts : time-driven activity-based costing in health care

Year	Author	Title
2020	Chen, Shaofan	Will diabetes care move closer to rural patients in China? Assessing the impact of an educational intervention for type 2 diabetes among patients and health care professionals in rural China
2020	Woodham, Luke A	Exploring the impact of virtual patient design : medical students' small group learning around medical error
2020	Gedin, Filip	The burden of back pain : evaluation of costs and health outcomes
2020	Savage, Mairi	Transforming medical competency into medical management capability : developing physician leaders by finding management in medicine
2020	Bignami, Francesca	External collaborations in multinational pharmaceutical companies
2021	Björk, Joar	Just responsibilities? On responsibility for health in Swedish healthcare priority setting
2021	Ohrling, Mikael	Enterprise within the enterprise : a study of management and performance in a public health care delivery organisation
2021	Elmberger, Agnes	Tying the knot between faculty development and educational change in clinical settings
2021	Sundvall, Maria	Refugees and asylum seekers : their social networks and encounter with the mental health services
2021	Granström, Emma	From patient to person : perspectives on the role of quality data, patient experience and patient involvement in the improvement of chronic care
2021	Åström, Mimmi	Measurement and valuation of health among children and adolescents using the EQ-5D-Y : methodological considerations and implications
2021	Ernstsson, Olivia	Making use of patient-reported outcome measures in health care : the case of EQ-5D in the Swedish national quality registries
2021	Jafari, Javad	On designing educational portals for self-management of type 2 diabetes : lessons learnt from an Iranian context
2021	Eneslätt, Malin	Dying to talk : methods and tools for conversations about dying, death and advance end-of-life care planning
2021	Bäck, Annika	A view from the top : the local politico-administrative leadership in implementing evidence-based practice in social services
2021	Kleijberg, Max	Studio DöBra : creating spaces for engaging with end-of-life issues and interacting across generations through community-based arts activities
2021	Goude, Fanny	Hips don't lie : the use of benchmarking and register data to assess the performance of orthopaedic care
2021	MacKinnon, Ralph James	From in-situ simulation to beyond : improving paediatric trauma care
2022	Dahlgren, Cecilia	Do patients behave as expected on a healthcare market in transition? Consequences of expanding patient choice and introducing telemedicine in primary healthcare
2022	Rafiq, Muhammad	Eliminating guesswork : an exploration of the role of predictive modelling in care management for patients with multimorbidities
2023	Ingvarsson, Sara	Tipping the scale of resources : de-implementation of low-value care from an operant perspective
2023	Lundell Rudberg, Susanne	Feeling ready and always more to learn : students' journeys towards becoming a professional nurse
2023	Sjögårde, Peter	Mapping the structure of science through clustering in citation networks : granularity, labeling and visualization

Year	Author	Title
2023	Ramos, Pedro	The adoption, adaptation, and abandonment of value-based health care
2023	Petros, Nuhamin Gebrewold	The usability, acceptability, and satisfaction of a digital mental health tool for patients with breast and prostate cancer
2023	Scott Duncan, Therese	Patients' self-empowerment : patients and informal caregivers taking the lead
2023	Guenna Holmgren, Amina	Ethical and clinical aspects of restraint in neurosurgical care
2023	Al-Rawahi, Samira	Motivational factors, job satisfaction and job stress among Omani medical laboratory scientists
2023	Koufidis, Charilaos	Learning to reason like a doctor: a theoretical and empirical examination of medical students' sensemaking in the clinical context
2024	Hybinette, Karl	Enhancing hospital care coordination : a resilience-centric approach to challenges and potential strategies
2024	Lundahl, Antoinette	The motives and ethical justifiability of treating patients with borderline personality disorder under compulsory care
2024	Dahlberg, Marie	Supportive resources for self-care and informal care : uncovering the role of patient-driven innovations
2024	Appelbom, Sophia	Persistent crisis in healthcare : psychological stress reactions and psychological support for healthcare workers during the COVID-19 pandemic
2024	Sofia Sveréus	Patient choice and provider incentives : socioeconomic differentials in effects from market reform in Swedish primary care
2025	Medin, Emma	Using benchmarking to assess aspects of specialisation in healthcare
2025	Ahamed, Mohammad Tanvir	Application of statistical and bioinformatics methods to study inflammation driven health challenges
2025	Hagsten, Kenneth	Serving two masters - the work as healthcare providers and retail employees in community pharmacies in Sweden
2025	Hökby, Sebastian	Screen time effects on adolescent mental health
2025	Masucci, Michele	Implementing Precision Cancer Medicine: organisational challenges, innovations, and the role of Molecular Tumour Boards
2025	Olin, Karolina	Team resilience : exploring adaptive management of complexity in healthcare
2025	Lagging, Eva	The importance of trust - studies on live kidney donation and implementation of donation after circulatory death in Sweden
2025	Swain, Cara S.	Living matter(s) : exploring the educational use of live animals in learning to manage surgical traumatic injuries

The doctoral dissertations at LIME can be assessed digitally from [https://: kib.ki.se](https://kib.ki.se) and search on the author's name.
